

KING WILLIAM RESIDENCE

\$156 million | 42 months | 520,000 sf | Construction Management

The project involved the construction of a two-tower development located on the northeast corner of Hamilton's King Street East and Hughston Street North. This development replaced the vacant site formerly occupied by two buildings that have since been demolished.

Building Specifications

- Two 30-storey towers
- 581 residential units
- 5-storey podium
- 20,000 sf retail space
